## Report of the Board of Directors

The Directors present their fifth annual report together with the audited financial statements of the consolidated entity, being Angler Gaming plc ("the Company") and its controlled entities ("the Group") covering the year from 1 January 2016 up to 31 December 2016.

#### Principal activities

The Company's principal activities are to invest and to hold shares, participations, investments, interests and debentures in related undertakings and to own manage and administer property of any kind belonging to it.

#### Review of the business

The Company, as parent company, is listed on the AktieTorget Stock Exchange, Danderydsgatan 10, 114 26 Stockholm, Sweden ("AktieTorget").

The Company has three subsidiary undertaking companies, namely, Starfish Media N.V. ("Starfish"), Starpay Limited ("Starpay") and Delta Services Limited ("Delta"). Starfish holds a Curaçao gaming licence authorising it to provide internet gaming, services and products. Starfish is licensed by a sub-licence from Curaçao eGaming, a company registered in Curaçao holder of Master Gaming License #1668/JAZ, to provide online gambling services. The company has an agreement with Curaçao eGaming outlining the sublicensing which in turn is regulated by the licensing authority in Curaçao. The Sole Director of Starfish is responsible for, and ensures, the compliance of the Group with the requirements of the licensing authority in Curaçao and other related laws and regulations.

Starfish has its own subsidiary company, Starpay which is a Maltese registered company, registration number C56562, that primarily carries out the business of facilitating and assisting the parent company in processing of payments through gateways for and on behalf of its parent company, Starfish.

Delta was incorporated in Malta in 2015 and provides the Group with managerial & administrative support services as well as consultancy services.

In the year under review, Group incurred a profit after taxation of EUR 1,138,464 (2015: loss of EUR 322,899). On 31 December 2016, the total assets of the Group were EUR 3,963,165 (2015: EUR 2,203,888) and the net assets were EUR 2,374,294 (2015: EUR 1,201,396).

### Review of the business (continued)

The financial position, development and performance of the Company and the Group as presented in these financial statements show that 2016 has seen a significant improvement in the figures. The revenues in 2016 increased by 72.5% over 2015 reaching EUR 7,015,618 (2015: EUR 4,068,105) and resulting in a marked improvement in gross profit which improved significantly to EUR 2,703,393 (2015: EUR 1,113,917) in absolute terms.

In 2016 Starfish was able to acquire assets consisting of the brand, domains and player database from Vuetec Limited ('Vuetec'). Vuetec has been, prior to the assets being purchased, a revenue sharing partner of Starfish. The purchase of assets and the termination of the revenue sharing arrangement will have an immediate positive effect on the Starfish financial performance in the next financial year since Starfish became the sole beneficiary of the revenue stream that the assets generate.

The purchase of the Vuetec assets, announced on 2 December 2016, was for the total price of EUR 1,210,000, out of which EUR 1,200,000 is cash payment and EUR 10,000 was a non-cash consideration in the form of 1,000,000 ordinary shares of EUR 0.01 each in Angler Gaming plc to be issued to Vuetec. The cash consideration was partly financed through an unsecured short term loan of EUR 900,000 from shareholders and investors, which shall be repaid by mid-2018.

In 2016 Starfish also acquired bingo-focused assets, consisting of domains and player database. The acquisition allowed Starfish to widen its product offering by adding bingo as a new product and to significantly expand and diversify its customer base. The assets were purchased for a cash consideration of EUR 100,000 and the parties also agreed upon a revenue share agreement, which will last for three years.

In line with Group policy on value allocation for acquired assets the Board of Directors attributed EUR 131,024 to player databases and EUR 1,178,976 to brand and domains.

#### **Future Developments**

The Board of Directors main objective remains continuing to expand the business model, strategy and tactics. The Board has evaluated this current growth against recent registered performance and concluded that it is proving to be effective.

At the same time, the Group will continue growing its business and will continue to invest in the widening of its product offering. To this end a poker product is planned to be integrated and launched and a soft launch of the sports book project has been carried out during early 2017.

3

### Results and Dividend

The consolidated and parent results for the year are set out on page 12. While in 2016 the Group's financial performance has dramatically improved and profit has been recorded in the year, the Board of Directors does not recommend the payment of a dividend in order to keep the Group adequately resourced, to consolidate the positive financial position and to expand the business further.

### Share Capital

Share capital information of the Group and the Company is disclosed in Note 17 to the financial statements. Each share gives the right to one vote and shares shall rank pari passu for all intents and purposes of the law.

and purposes of the law.	Number of Ordinary Shares	Total Shares EUR

#### Memorandum and Articles of Association

There were no changes to the Memorandum and Articles of Association of the Company during the year 2016.

The rules governing the appointment or election of directors are contained in Articles 51 to 56 of the Articles of Association. An extraordinary resolution approved by the shareholders in the general meeting is required to amend the Articles of Association.

The powers of Directors are outlined in Articles 69 to 74 of the Company's Articles of Association.

#### **Board of Directors**

The Board of Directors of the Company who held office during the year were:

James Scicluna (appointed: 22 April 2016) Chairman – Director

David Michael Gray Chief Executive Officer - Director

Michael Daniel Bennett Director
Ralf Feldt (appointed: 22 April 2016) Director

The Articles of Association require Directors to retire after one year in office, but they are eligible for re-appointment.

#### Directors' interests in shares

The beneficial interests of each of the directors in the ordinary share capital of the company as of 31 December 2016 are shown below:

Number of issued ordinary shares of EUR 0.01 each

David Michael Gray (Chief Executive Officer – Director) 75,000

Michael Daniel Bennett (Director) 150,000

According to the register of directors' shareholdings, the directors holding office at the end of the financial year had additional interests in the options to subscribe for ordinary shares of the company granted pursuant to the Share Option Scheme as set out below:

Number of unissued ordinary shares of EUR 0.01 each under options held by director

David Michael Gray (Chief Executive Officer – Director) 150,000

Michael Daniel Bennett (Director) 300,000

In each case, the options are exercisable in two equal tranches, first tranche was exercised in 2016 (the allotment of shares was carried out after the financial year-end), and the second tranche's exercise period ends in November 2017.

#### Directors' interests in contracts

No director had a material interest in any contract, other than an employment contract, that was significant in relation to the group's business at any time during the period.

5

#### **Share Option Scheme**

In line with the authorisation of the shareholders granted at an extraordinary general meeting held on 23 September 2014, the company put in place the share option scheme and offered share options to those persons engaged with Angler Gaming plc ('the Company') and its controlled entities ('the Group') who make valuable contributions to the business of the Group. Each share option entitles the option holder to receive, upon exercise of the option, one ordinary share in the company of EUR 0.01 each at the pre-determined strike price. The maximum number of shares that can be issued under the share option scheme at the date of approval for issue the financial statements by the Board of Directors is 1,435,000 ordinary shares of EUR 0.01 each; all options have been allocated and 940,000 have already been exercised and allotted.

The share options offered as follows:

	Number of share options
David Michael Gray (Chief Executive Officer - Director)	225,000
Michael Daniel Bennett (Director)	450,000
Ralf Feldt (Head of marketing - Director)	90,000

In the cases of Mr Gray and Mr Bennett, the options are exercisable in three equal tranches, first tranche was exercised in 2015, second tranche was exercised in 2016 (the allotment was carried out after the financial year-end), and third tranche's exercise period ends in November 2017. In the case of Mr Feldt, the options are exercisable in three equal tranches, first tranche was exercised in 2016, second tranche is exercisable during 2017, and the exercise period of the third tranche ends in March 2018.

	Number of share options
Head of Operations	300,000
Legal Counsel	300,000
Head of Technology	45,000

In each case, the options are exercisable in three equal tranches, first tranche was exercised in 2016, second tranche is exercisable during 2017, and the exercise period of the third tranche ends in March 2018.

The strike price for each and every option holder has been fixed at 1.31SEK for the first tranche, 1.59SEK for the second tranche and 1.84SEK for the third tranche.

Number of share options

Head of Customer Service 25,000

options at the strike price 4.72SEK per share and exercise period in January-February 2018.

## **Going Concern**

At the time of approving the financial statements, the Board of Directors determined that there is reasonable expectation that the Group and the Company has adequate resources to continue operating for the foreseeable future. In considering going concern and liquidity risk, the directors have reviewed the Group's future cash requirements and earnings prospects and have also considered the impact of a range of potential changes to trading performance. For this reason, the Directors have adopted the going concern basis in preparing the financial statements.

#### **Events after the Reporting Period**

The values of assets and liabilities at the year end are adjusted if there is evidence that subsequent adjusting events warrant a modification of these values. These adjustments are made up to the date of approval of the financial statements by the Board of Directors.

At the date of approval for issue the financial statements by the Board of Directors, the Group had no subsequent events which either warrant a modification of the values of assets and liabilities at the year end or any additional disclosure.

Shares allotted in 2017 - Option Scheme

Number of issued ordinary shares of EUR 0.01 each

David Michael Gray (Chief Executive Officer - Director)	75,000
Michael Daniel Bennett (Director)	150,000
Ralf Feldt (Head of Marketing - Director)	30,000
Head of Operations	100,000
Legal Counsel	100,000
Head of Technology	15,000

Shares allotted in 2017 - non-cash consideration for the acquisition of assets

1,000,000 ordinary shares of nominal value of EUR 0.01 each have been issued as part consideration for the acquisition of the Vuetec Assets.

#### **Auditors**

Walter Rizzo & Associates have expressed their willingness to continue in office and a resolution for their appointment will be proposed at the Annual General Meeting.

On behalf of the Board

James Scicluna

Chairman - Director

David Michael Grav

Chief Executive Officer - Director

## Statement of Directors' Responsibilities

Angler Gaming plc has to abide by the Companies Act,1995 (CAP 386 of the Laws of Malta) and the rules associated with a listing on AktieTorget. The Group/Company will also operate in compliance with the rules and regulations listed in the Articles of Association. These are available on the Company's website.

The directors are required by the Companies Act, 1995 to prepare financial statements which give a true and fair view of the state of affairs of the group and the parent at the end of each financial period and of its profit or loss for that period.

In preparing the financial statements, the directors are responsible for:

- Ensuring that the financial statements have been drawn up in accordance with International Financial Reporting Standards as adopted by the European Union;
- Selecting and applying appropriate accounting policies;
- · Making accounting estimates that are reasonable in the circumstances;
- Ensuring that the financial statements are prepared on the going concern basis unless it is inappropriate to presume that the Group/Company will continue in business as a going concern.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the group and the parent and to enable them to ensure that the financial statements comply with the Companies Act. The directors are also responsible for ensuring that an appropriate system of internal control is in operation to provide them with assurance that the assets of the group and the parent are being properly safeguarded and that fraud and other irregularities will be prevented or detected.

The financial statements of Angler Gaming plc for the year ended 31 December 2016 are included in the Annual Report and Statutory Financial Statements, which is published in hard copy printed form and available on the Company's website. The directors are responsible for the maintenance and integrity of the Annual Report on the website in view of their responsibility for the controls over, and the security of, the website. Access to information published on the Company's website is available in other countries and jurisdictions, where legislation governing the preparation and dissemination of financial statements may differ from requirements or practice in Malta.

8

#### INDEPENDENT AUDITOR'S REPORT

To the Shareholders of Angler Gaming plc

### Report on the Audit of the Consolidated Financial Statements

We have audited the consolidated and stand-alone parent company financial statements of Angler Gaming plc and its subsidiaries ("the Group"), which comprise the consolidated and parent company statement of financial position as at 31 December 2016, and the consolidated and parent company statement of comprehensive income, consolidated and parent company statement of changes in equity and consolidated and parent company statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

#### Opinion

In our opinion, the accompanying Group financial statements give a true and fair view of the financial position of the Group as at 31 December 2016, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards as adopted by the EU (EU IFRSs) and have been prepared in accordance with the requirements of the Companies Act (Cap. 386).

## **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in accordance with the Accountancy Profession (Code of Ethics for Warrant Holders) Directive issued in terms of the Accountancy Profession Act (Cap. 281) in Malta, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Other Information in the Annual Report

The directors are responsible for the Other Information. The Other Information comprises all the information in the 2016 annual report other than the Group financial statements and our auditor's report thereon ("the Other Information"). Our opinion on the financial statements does not cover this information, including the directors' report. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

With respect to the Directors' Report, we also considered whether the Directors' Report includes the disclosures required by Article 177 of the Maltese Companies Act (Cap. 386). Based on the work we have performed, in our opinion:

- the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with the Maltese Companies Act (Cap.386).

In addition, in light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we are required to report if we have identified material misstatements in the directors' report. We have nothing to report in this regard.

9

#### INDEPENDENT AUDITOR'S REPORT

## **Responsibilities of the Directors**

The directors are responsible for the preparation of the financial statements that give a true and fair view in accordance with International Financial Reporting Standards as adopted by the EU (EU IFRSs), and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing an
  opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

#### INDEPENDENT AUDITOR'S REPORT

#### Report on the Audit of the Consolidated Financial Statements

 Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

## Report on Other Legal and Regulatory Requirements

Under the Maltese Companies Act (Cap. 386) we are required to report to you if, in our opinion:

- We have not received all the information and explanations we require for our audit.
- Adequate accounting records have not been kept, or that returns adequate for our audit have not been received from branches not visited by us.
- The financial statements are not in agreement with the accounting records and returns.

We have nothing to report to you in respect of these responsibilities.

This copy of the audit report has been signed by Walter Rizzo (Partner) for and on behalf of

The accounting policies and explanatory notes on pages 16 to 37 are an integral part of these financial statements.

#### Notes to the financial statements

#### 1 General information

### Country of incorporation

Angler Gaming plc was incorporated in Malta on 8 February 2012 as a public limited liability company in accordance with the provisions of the Companies Law of Malta, 1995. The registered office of the company is Office 1 / 3327, Level G, Quantum House, 75 Abate Rigord Street, Ta' Xbiex, Malta - EU. These consolidated and stand-alone parent company financial statements were approved for issue by the Board of Directors on 26 April 2017.

### Parent Company and its subsidiaries

The Company, as parent company, and all of its subsidiary undertakings, is listed on:

AktieTorget Stock Exchange, Danderydsgatan 10, 114 26 Stockholm, Sweden (stock symbol: ANGL).

At the end of the reporting period the Companies forming part of Angler Gaming plc group, being herein consolidated, were:

Name	Shareholding
Starfish Media N.V.	100%
StarPay Limited	100%
Delta Services Limited	100%

#### 2 Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below.

## Basis of preparation and statement of compliance

The financial statements are prepared under the historical cost convention and are in accordance with: -

- International Financial Reporting Standards (IFRSs) as adopted by the EU;
- Companies Act, 1995 (CAP 386 of the Laws of Malta) and
- the requirements of the AktieTorget Connection Agreement.

#### Changes in accounting policies and disclosures

These financial statements have been drawn up in accordance with IFRSs as adopted by the EU. The change from IFRSs issued by the International Accounting Standards Board to IFRSs as adopted by the EU did not result in any changes to the company's accounting policies.

The company adopted the relevant IFRS and IFRIC interpretations as of the date of incorporation.

The company reclassified certain prior-year comparatives to conform to the current-year's presentation.

## 2 Summary of significant accounting policies (continued)

#### Basis of consolidation

#### (i) Subsidiaries

The Group financial statements consolidate those of the parent company and all of its subsidiary undertakings drawn up to 31 December 2016. Subsidiaries are all entities over which the Group has the power to control the financial and operating policies. The Group obtains and exercises control through more than half of the voting rights. Subsidiaries are fully consolidated from the date on which control is transferred to the group. All subsidiaries have a reporting date of 31 December.

#### (ii) Transactions eliminated on consolidation

All transactions and balances between Group companies are eliminated on consolidation, including unrealised gains and losses on transactions between Group companies. Where unrealised losses on intra-group asset sales are reversed on consolidation, the underlying asset is also tested for impairment from a group perspective. Amounts reported in the financial statements of subsidiaries have been adjusted where necessary to ensure consistency with the accounting policies adopted by the Group.

#### Revenue recognition

Revenues earned by the Group are recognised on the following bases:

#### (i) Casino Revenue

Casino gaming revenue represents: bet - win - jackpot contribution - bonus cost - loyalty points - manual adjustments user balances. Cost of sales includes: payment processing fees to payment suppliers, affiliate expenses, gaming license fees for products, software licence fees and affiliate costs. Prior year classifications have been updated with this definition of Revenue and Cost of Services Sold for easier comparison. Certain prior year comparatives have been reclassified to conform to the current year's presentation.

## (ii) Interest income

Interest income is recognised on a time proportion basis using the effective interest method.

#### Foreign currency translation

#### (i) Functional and presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The consolidated financial statements are presented in 'euro currency' (€), which is the Group's presentation currency.

## (ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of comprehensive income.

## 2 Summary of significant accounting policies (continued)

#### Property, plant and equipment

Property, plant and equipment comprise mainly computer equipment. This is stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to the income statement during the financial period in which they are incurred.

The Company and the Group do not have title to other property, plant and equipment.

#### Intangible assets - computer software

Costs associated with maintaining computer software programs are recognized as an expense as incurred. Development costs that are directly attributable to the design and testing of identifiable and unique software products controlled by the group are recognised as intangible assets when the following criteria are met:

- it is technically feasible to complete the software product so that it will be available for use;
- management intends to complete the software product and use or sell it;
- there is an ability to use or sell the software product;
- it can be demonstrated the software product will generate probable future economic benefits;
- adequate technical, financial and other resources to complete the development and to use or sell the software product are available; and
- expenditure attributable to software product during its development can be reliably measured.

Directly attributable costs that are capitalised as part of the software product include the software development employee costs and an appropriate portion of relevant overheads.

Other development expenditures that do not meet these criteria are recognised as an expense as incurred. Development costs previously recognised as an expense are not recognised as an asset in a subsequent period.

#### Depreciation

Depreciation is calculated to write off the cost of fixed assets on a straight line basis over the expected useful lives of the assets concerned having regard to their residual value. The annual rates used for this purpose, which are applied consistently, are:

	Useful life	%
Computer equipment	48 months	25.00
Office furniture	120 months	10.00
Furniture and fittings	120 months	10.00

## 2 Summary of significant accounting policies (continued)

#### Intangible assets amortisation

Amortisation is provided at rates calculated to write off the cost less estimated residual value of each asset on a straight-line basis over its estimated useful life as follows:

Software	Useful life 72 months	% 16.67
Vuetec Player Database	36 months	33.33
With effect from 1 January 2017 based on assessment mad	le by the Board of Directors	s in line with
Group policy on value allocation for acquired assets.		

Bingo Assets 36 months 33.33

With effect from 2016 based on assessment made by the Board of Directors in line with Group policy on value allocation for acquired assets.

### Employee benefits

Contributions towards the state pension are made in accordance with local legislation. The only obligation is to make the required contributions. Costs are expensed in the period in which they are incurred.

### Current and deferred income tax

The tax expense for the period comprises current and deferred tax. Tax is recognised in the statement of comprehensive income, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the company and its subsidiaries operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred tax assets and liabilities are calculated, without discounting, at tax rates that are expected to apply to their respective period of realisation, provided they are enacted or substantively enacted by the end of the reporting period.

Deferred tax assets are recognised to the extent that it is probable that they will be able to be utilised against future taxable income, based on the Group's forecast of future operating results which is adjusted for significant non-taxable income and expenses and specific limits to the use of any unused tax loss or credit. Deferred tax liabilities are always provided for in full.

## 2 Summary of significant accounting policies (continued)

#### Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for impairment of trade receivables is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of receivables. The amount, being the present value of estimated future cash flows, discounted at the effective interest rate. The amount of the provision is recognised in the statement of comprehensive income.

#### Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds. Incremental costs directly attributable to the issue of new shares or for the acquisition of a business, are included in the cost of acquisition as part of the purchase consideration.

Dividend distribution to the company's shareholders is recognised as a liability in the group's financial statements in the period in which the dividends are approved by the company's shareholders.

#### Non-refundable shareholder contribution

The previous shareholding company contributed a non-refundable financial amount before the company was listed on AktieTorget. This amount is free from any security, obligation, or repayment.

## Trade and other payables

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities.

Trade and other payables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

#### **Provisions**

Provisions are recognised when the Company has a present or constructive obligation as a result of past events, it is more likely that not an outflow of resources will be required to settle the obligation, and the amount has been reliably estimated. Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation.

## Cash and cash equivalents

Cash and cash equivalents include cash and deposits held at call banks.

## 2 Summary of significant accounting policies (continued)

#### Earnings per share

The group presents basic earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the consolidated profit or loss attributable to ordinary shareholders of the company by the weighted average number of ordinary shares outstanding at the end of the period.

## 3 Financial risk management

#### Financial risk factors

The company's activities potentially expose it to a variety of financial risks: market risk (including currency risk, fair value interest rate risk, cash flow interest rate risk and price risk), credit risk and liquidity risk. The company's overall risk management focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the company's financial performance. The Board provides principles for overall risk management, as well as policies covering risks referred to above and specific areas such as investment of excess liquidity. The company did not make use of derivative financial instruments to hedge certain risk exposures during the current financial period.

The risk management policies employed by the Company to manage these risks are discussed below:

#### Market Risk

#### (i) Foreign exchange risk

The company's operating revenues, operating expenditure and financing are mainly denominated in euro. Accordingly, the company's exposure to foreign exchange risk is not significant and a sensitivity analysis for foreign exchange rates that were reasonably possible at the end of the reporting period is not deemed necessary.

### (ii) Cash flow and fair value interest rate risk

As the company has no significant interest-bearing assets and liabilities, the Company's income and operating cash flows are not dependent of changes in market interest rates.

Based on the above, management considers the potential impact on profit or loss of a defined interest rate shift that is reasonably possible at the end of the reporting period to be immaterial.

## 3 Financial risk management (continued)

#### Credit risk

Credit risk is managed on group basis, except for credit risk relating to accounts receivable balances. Each local entity is responsible for managing and analysing the credit risk for each of their new clients before standard payment and delivery terms and conditions are offered.

Credit risk arises from cash and cash equivalents, deposits with banks, as well as credit exposures, including outstanding receivables and committed transactions. The maximum exposure to credit risk at the end of the reporting period in respect of the mentioned financial assets is equivalent to their carrying amount. The company does not hold any collateral as security in this respect. The company banks only with financial institutions with high quality standing or rating.

If online gaming players are independently rated, these ratings are used. If there is no independent rating, risk control assesses the credit quality of the player, taking into account the financial position, past experience and other factors. Individual risk limits are set based on internal or external ratings in accordance with limits set by the board. The utilisation of credit limits is regularly monitored. No credit limits were exceeded during the reporting period, and management does not expect any losses from non-performance by its players.

#### Liquidity risk

The company is exposed to liquidity risk in relation to meeting future obligations associated with its financial liabilities, which comprise principally trade and other payables. Prudent liquidity risk management includes maintaining sufficient cash and committed credit lines to ensure the availability of an adequate amount of funding to meet the Company's obligation.

#### Currency risk

Currency risk is the risk that the value of financial instruments will fluctuate due to changes in foreign exchange rates. Currency risk arises when future commercial transactions and recognized assets and liabilities are denominated in a currency that is not the Company's functional currency. The Company is exposed to foreign exchange risk arising from various currency exposures. The Company's management monitors the exchange rate fluctuations on a continuous basis and acts accordingly. In general the company seeks to maintain its financial assets and financial liabilities in each of the foreign currencies at a reasonably comparable level, thereby providing a natural hedge against foreign exchange risk.

## Capital management

The primary objective of the Company's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximize shareholder value.

The Company manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares.

#### 4 Fair value estimation

The fair value of financial instruments traded in active markets, such as publicly traded financial assets at fair value through profit or loss and available-for-sale financial assets is based on quoted market prices as at the end of the reporting period. The quoted market price used for financial assets held by the Company is the current bid price. The appropriate quoted market price for financial liabilities is the current ask price.

The fair value of financial instruments that are not traded in an active market is determined by using valuation techniques. The Company uses a variety of methods, such as estimated discounted cash flows and makes assumptions that are based on market conditions existing at the end of the reporting period.

The carrying value less any estimated credit adjustments for financial assets and liabilities with a maturity of less than one year are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate available to the Company for similar financial instruments.

## 5 Critical accounting estimates and judgments

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions are not expected to cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

In the opinion of management, the accounting estimates, judgements and assumptions made in the course of preparing these financial statements are not difficult, subjective, or complex to a degree which would warrant their description as 'critical' in terms of IAS 1 (revised) 'Presentation of Financial Statements'.

#### 6 Revenue

	Group	Company	Group	Company
	2016	2016	2015	2015
	EUR	EUR	EUR	EUR
Casino revenue	7,015,618	-	4,068,105	-

## 10 Income tax

	2016	2015
	EUR	EUR
Current tax:		
Taxation at domestic income tax rates for		
company profits		_

## Angler Gaming plc

Angler Gaming plc is tax resident in Malta and is subject to taxation at the rate of 35% based on company taxable profits, except for certain bank interest receivable which is taxed at 15%, withheld at source.

## StarPay Limited

StarPay Limited is tax resident in Malta and is subject to taxation at the rate of 35% for company profits, except for certain bank interest receivable which is taxed at a Final Withholding Tax of 15%.

## 10 Income tax (continued)

#### Delta Services Limited

Delta Services Limited is tax resident in Malta and is subject to taxation at the rate of 35% based on company taxable profits. No provision for Malta Income Tax has been made in its individual financial statements in view that there was no chargeable income.

#### Starfish Media N.V.

Starfish Media N.V. enjoys incentives available under E-zone legislation in Curação that offers tax advantages to e-commerce companies and trading companies with an e-strategy that locate their activities in Curação but direct the trading or services towards companies or persons located outside Curação.

Profit tax is calculated on the basis of reported profit. The profit of E-Zone companies will be taxed at 2%.

No provision for tax has been made in view that there are tax losses carried forward which offset taxable profits in the year.

#### Deferred tax

Deferred tax assets are recognised to the extent that it is probable that they will be able to be utilised against future taxable income, based on the company's forecast of future operating results which is adjusted for significant non-taxable income and expenses and specific limits to the use of any unused tax loss or credit. Deferred tax liabilities are always provided for in full.

## 11 Earnings per share

The basic earnings per share for the group has been calculated on the losses attributable to shareholders as recognised in the consolidated statement of comprehensive income divided by the weighted average number of ordinary shares outstanding during the year. The weighted average number of ordinary shares outstanding during the year amounted to 72,939,544 (2015: 71,761,575).

There is no significant difference between the basic and diluted earnings per share.

### 12 Investments in subsidiaries

In the separate financial statements shares in subsidiary undertakings are accounted for at cost.

	Group 2016 EUR	Company 2016 EUR	Group 2015 EUR	Company 2015 EUR
Cost and net book value At 1 January Addition		1,997 -	-	797 1,200
At 31 December		1,997		1,997

The carrying amount for the investment in controlled entities reflects the value of the investment by the ultimate parent, Angler Gaming PLC. The management are of the opinion that based on future cashflows of the controlled entities, the value in use is equal or exceeds the carrying amount in the financial statements as at 31 December 2015. To this end no impairment provision on the value of investment in the controlled entities is included in these financial statements

The group financial statements consolidate the results and position of the following subsidiary undertakings which all have same year ends with that of the holding company:

2016 and 2015	Country of Incorporation	Class of Shares held	Proportion ownership interest
Starfish Media N.V. (Curação Co. Reg. No. 125528)	Curaçao	Ordinary	100%
StarPay Limited (Malta Co. Reg. No. C56562)	Malta	Ordinary	100%
Addition in 2015			
Delta Services Limited (Malta Co. Reg. No. C69559)	Malta	Ordinary	100%

The registered office of the subsidiary undertakings is:-

Starfish Media N.V.:	Emancipatie Boulevard 29, Curaçao.
StarPay Limited :	Office 1 / 3327, Level G, Quantum House, 75 Abate Rigord Street, Ta' Xbiex, Malta – EU
Delta Services Limited	Office 1 / 3327, Level G, Quantum House, 75 Abate Rigord Street, Ta' Xbiex, Malta - EU

Intra-group amount - Starfish Media N.V.	-	3,203,174	-	2,303,700
Intra-group amount - StarPay Limited	-	695,642	-	694,934
Intra-group amount - Delta Services Limited	-	13,052	-	3,516
At 31 December	1,818,711	3,913,734	1,045,351	3,011,368

Included in the receivable from payment processors balance are amounts receivable with a carrying amount of EUR 234,125 (2015: EUR 209,111) which are past due at the end of the reporting period for which the Group has not recognised an allowance for doubtful receivables since the Sole Director considers that there has not been a significant change in credit quality and the amounts are still considered recoverable. If events or circumstances change, the carrying amount may not be fully recoverable. In addition, a further EUR 89,098 (2015: EUR 200,479) was in the process of receipt and clearance. The company does not hold any collateral over any of these balances.

Intra-group balances are unsecured, bear no interest and have no fixed date of repayment. No expense has been recognised in these financial statements for bad or doubtful debts in respect of amounts due from the related parties.

## 16 Cash and cash equivalents

Cash and cash equivalents included in the statement of cash flows comprise the following statement of financial position amounts:

	Group 2016 EUR	Company 2016 EUR	Group 2015 EUR	Company 2015 EUR
Term deposits	-	-	-	-
Bank balances	596,409	49,427	809,088	272,936

#### **Share Option Scheme**

In line with the authorisation of the shareholders granted at an extraordinary general meeting held on 23 September 2014, the company put in place the share option scheme and offered share options to those persons engaged with Angler Gaming plc ('the Company') and its controlled entities ('the Group') who make valuable contributions to the business of the Group. The maximum number of shares that can be issued under the share option scheme at the date of approval for issue the financial statements by the Board of Directors is 1,435,000 ordinary shares of EUR 0.01 each; all options have been allocated and 940,000 have already been exercised and allotted.

The share options offered over ordinary shares, were as follows:

Number of issued ordinary shares of EUR 0.01 each
---

David Michael Gray (Chief Executive Officer – Director)	225,000
Michael Daniel Bennett (Director)	450,000
Ralf Feldt (Director, head of marketing)	90,000

In the cases of Mr Gray and Mr Bennett, the options are exercisable in three equal tranches, first tranche was exercised in 2015, second tranche was exercised in 2016 (the allotment was carried out after the year-end), and third tranche's exercise period ends in November 2017. In the case of Mr Feldt, the options are exercisable in three equal tranches, first tranche was exercised in 2016, second tranche is exercisable during 2017, and the exercise period of the third tranche ends in March 2018.

Number of issued ordinary shares of EUR 0.01 each

Head of Operations	300,000
Legal Counsel	300,000
Head of Technology	45,000

In each case, the options are exercisable in three equal tranches, first tranche was exercised in 2016, second tranche is exercisable during 2017, and the exercise period of the third tranche ends in March 2018.

The strike price for each and every option holder has been fixed at 1.31SEK for the first tranche, 1.59SEK for the second tranche and 1.84SEK for the third tranche.

	1,588,871	914,945	1,002,492	14,065

#### Unsecured short term loans

Two unsecured short term loans from shareholders and investors, each of which loans earns interest at 12% per annum and are to be repaid by mid-2018.

## 21 Related party transactions

The holding company is the parent company of the undertakings described in Note 12. Transactions between the holding company and its subsidiaries, which are related parties, have been eliminated on consolidation and are not disclosed in this note.

#### Company

Transactions between the parent company and other group entities during the year ended 31 December 2016 comprise mainly of loans advanced for working capital requirements.

	Company 2016 EUR	Company 2015 EUR
Intra-group amount due from Starfish Media N.V.	3,203,173	2,303,700
Intra-group amount due from StarPay Limited	695,642	694,934
Intra-group amount due from Delta Services Limited	13,052	3,516
At 31 December	3,911,867	3,002,150

Intra-group balances are unsecured, bear no interest and have no fixed date of repayment. No guarantees were given or received. No expense has been recognised in the year for bad or doubtful debts in respect of amounts due by related parties.

## 21 Related party transactions (continued)

## Directors, Company Secretary and other key management

The total compensation to those classified as key management, being those having authority and responsibility for planning, directing and controlling the activities of the Group, including the executive and non-executive directors and like officers is as follows:

	Group 2016 EUR	Company 2016 EUR	Group 2015 EUR	Company 2015 EUR
Directors' remuneration and other emoluments				
<ul> <li>to the directors of the parent company</li> <li>to the directors of the subsidiaries including for company management</li> </ul>	85,791	85,791	90,979	90,979
and administration services	126,613	-	55,787

David Michael Gray (Chief Executive Officer - Director)	75,000
Michael Daniel Bennett (Director)	150,000

#### 22 Commitments

The parent company and other group entities is committed to carry out various actions within the framework of its planned development efforts. While it is not practicable to precisely quantify the potential liabilities under these various actions, the Group is satisfied that it has made reasonable provision in the financial statements for the likely outcomes of these actions where material. In the normal course of operations the Group seeks to comply with all applicable laws and regulations but may be subject to regulatory actions and interventions across its markets, the outcome of which are generally difficult to predict. Though the outcome is uncertain, management believes such eventualities would not materially affect the financial position of the Group and no provision has been made in the financial statements.

## 23 Ultimate controlling party

The directors consider that the Group is jointly controlled by the directors by virtue of their ability to act in concert in respect of the operational and financial policies of the company and that there is no ultimate controlling party. No individual has an ultimate controlling interest in the Company.
